ALLIANCE PERFORMANCE SHARING PROGRAM 2024

Affordability

Here's Why

- The increasing cost of health care prevents millions of Americans from getting the care they need.

- More than ever, we need to make high-quality care more affordable for our patients, members, and the communities we serve.

- The best ideas to make improvements and be more efficient come from the people doing the work.

How to Help

For more ideas and inspiration on affordability, scan the QR code.
